About Us

We have a long history of trading and processing Tanzanian agricultural products. Dried cassava chips and pods, cashew nuts, groundnuts, sesame, chickpeas, peas, white maize, beans, and spices are among the various crops that we source, process, package, and export.

A wide variety of agricultural equipment, including tractors, combine harvesters, rotavators, disc ploughs, threshers, tillers, and trailers, are also sold by us.

Our Mission is to become an attractive and creative exporter of agricultural goods in a shorter amount of time and money.

Our Vision

In order to achieve our goal of becoming Tanzania's top exporter of agricultural products, we constantly put in more effort and pursue new prospects.

Our Vision is to be Tanzania's top exporter of agricultural products.

In order for our clients to regularly return and refer us to others, our goal clearly outlines our focus on growing and being the best exporter of agricultural products while doing it in a timely and cost-effective manner with a committed and dedicated team.

Our Services

Crop Sourcing & Purchase

We get the highest-quality crops that satisfy international standards from a vast network of farmers throughout Tanzania.

Processing and Packaging of Crops

After the crops arrive at our warehouses, we process and package them using high-quality materials. We also accommodate the unique packaging needs of our clients.

Exporting Crops

We export our crops to other nations once they have been prepared and packaged. India, the US, the UK, South Africa, Canada, and the UAE are our top clientele.

Agri Machinery

Tractors, combine harvesters, rotavators, disc ploughs, threshers, tillers, fertilizer spreaders, boom sprayers, rice reapers, multi-row cultivators, multicrop planters, and trailers are just a few of the various types of agricultural equipment that we sell.
